

# Youth Create: Creating 3D Worlds (01)

Lailei Huang, Technology Programs Officer  
The Learning Space

## Agenda

Introduce Yourself

About this ~~Class~~ Club

Project 01 - Steps

## o1 Introduce Yourself

1. Short Intro e.g., name & interests (e.g., fav game/film)

2. Previous experience with Blender and 3D Modeling/Animation?

3. Anything else e.g., what most interest you about this program?

Lailei

## 02 About this Class/Club

- Beginner-level, assume no prior knowledge of Blender & 3D modeling
  - E.g., Button & Menu > Shortcut Key
- We use project-based learning, starting with 'Create a Simple House Scene'

## 02 About this Class/Club Philosophy

01 

Learn,  
encourage &  
improve  
together

02 

Practice,  
practice,  
practice

03 

Utilize the vast  
learning  
resources out  
there

## 02 About this Class/Club

Today's plan

Session	Project Steps	Blender Foundation
Session1	01 Design your house outline	01 How to add & use an addon
	02 Implement your design in Blender	02 Blender interface & basic operations
	03 Add Door and Windows	03 How to navigate in 3D space
	Bonus	04 Move a 3D object precisely

## Project - Step 1

Design an  
outline of  
your house

Keep it simple for now:

- No more than 8 walls
- 90 degrees

## Project - Step 1

Design an  
outline of  
your house

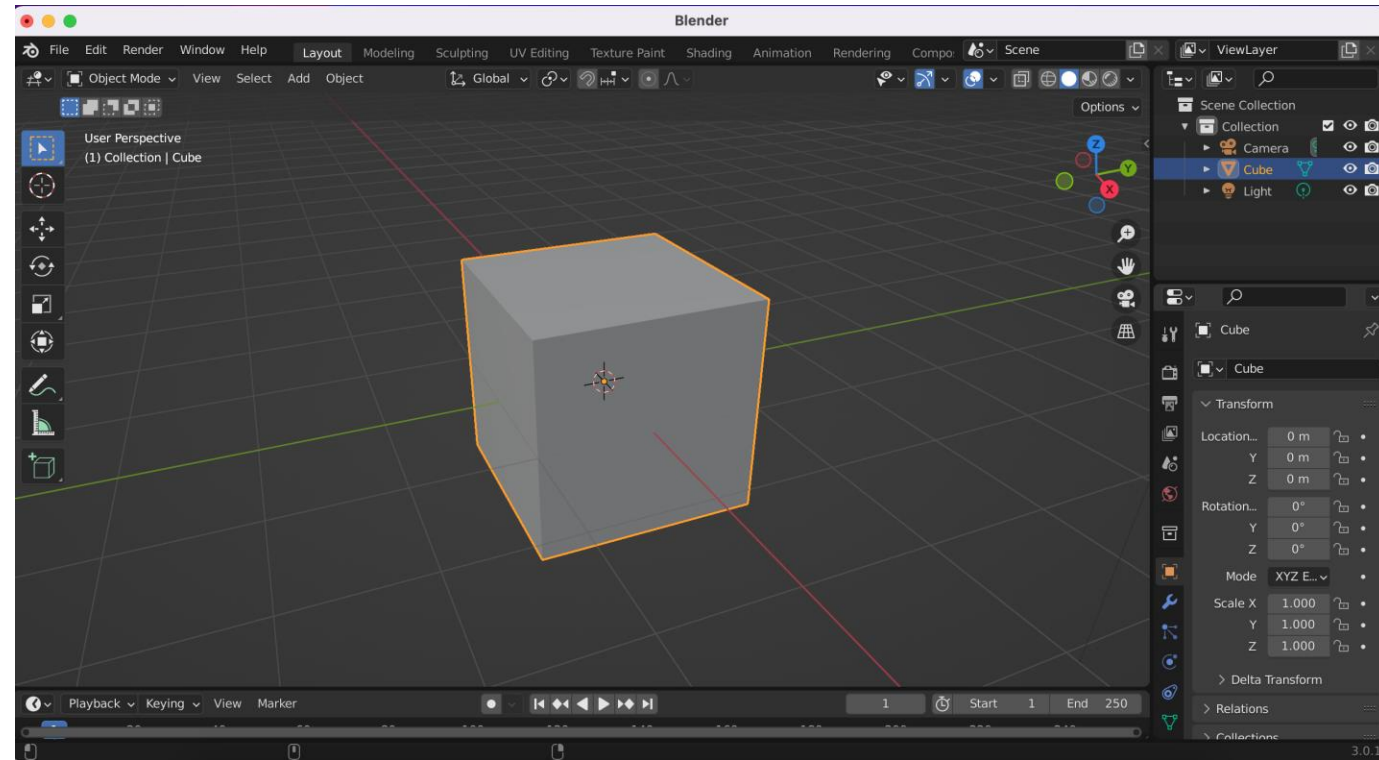

# 02 - Implement your design with a Blender Addon

- Archimesh by Antonio Vazquez

## 2.1

# Basics - Interface & Operations

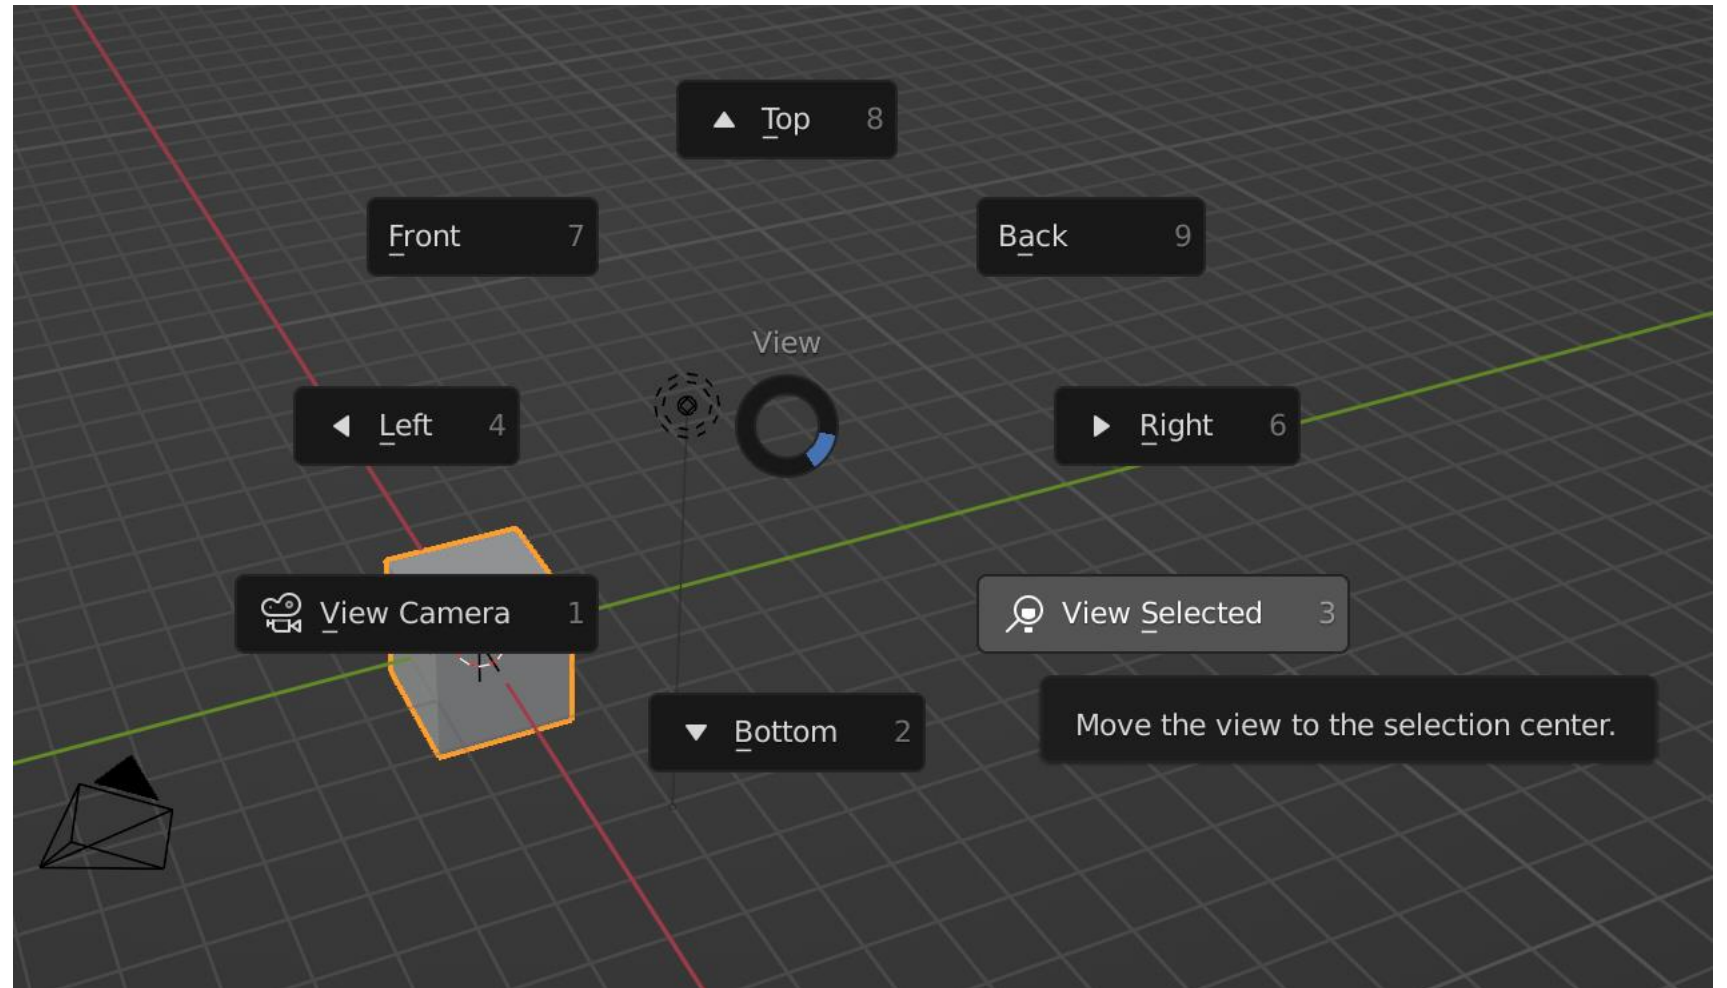

- 1> Create and save a new File
- 2> Select, Delete - Mouse clicks
- 3> Undo, Redo
- 3> Move around the 3D Space - Pan, Rotate, Zoom

## 2.1

Useful Tip:

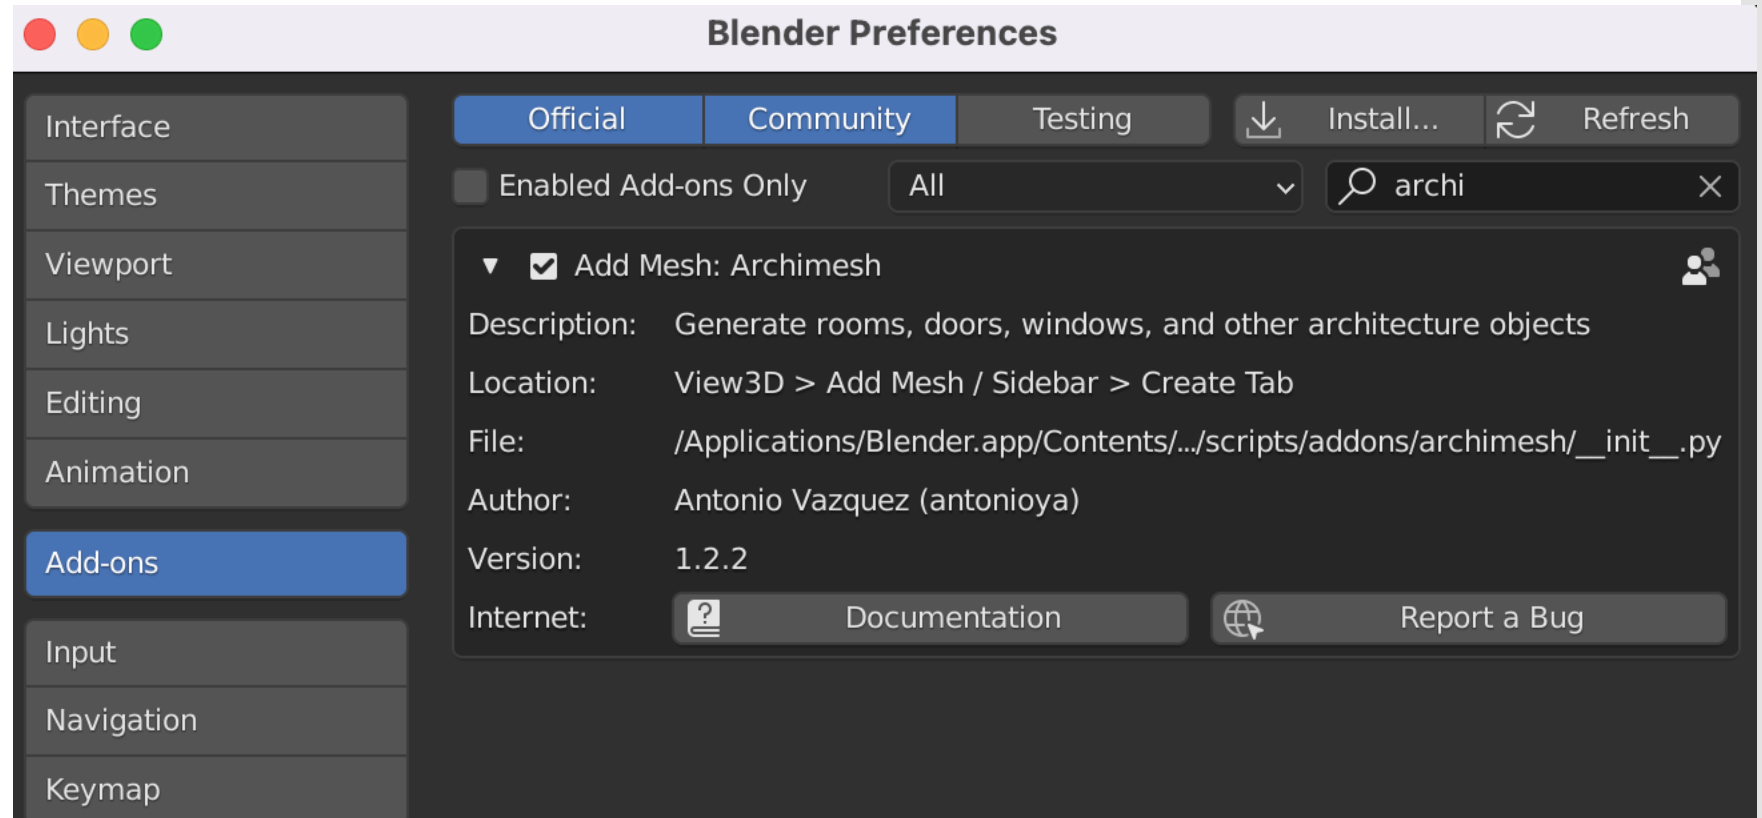

~ +

*View Selected*

## 2.2

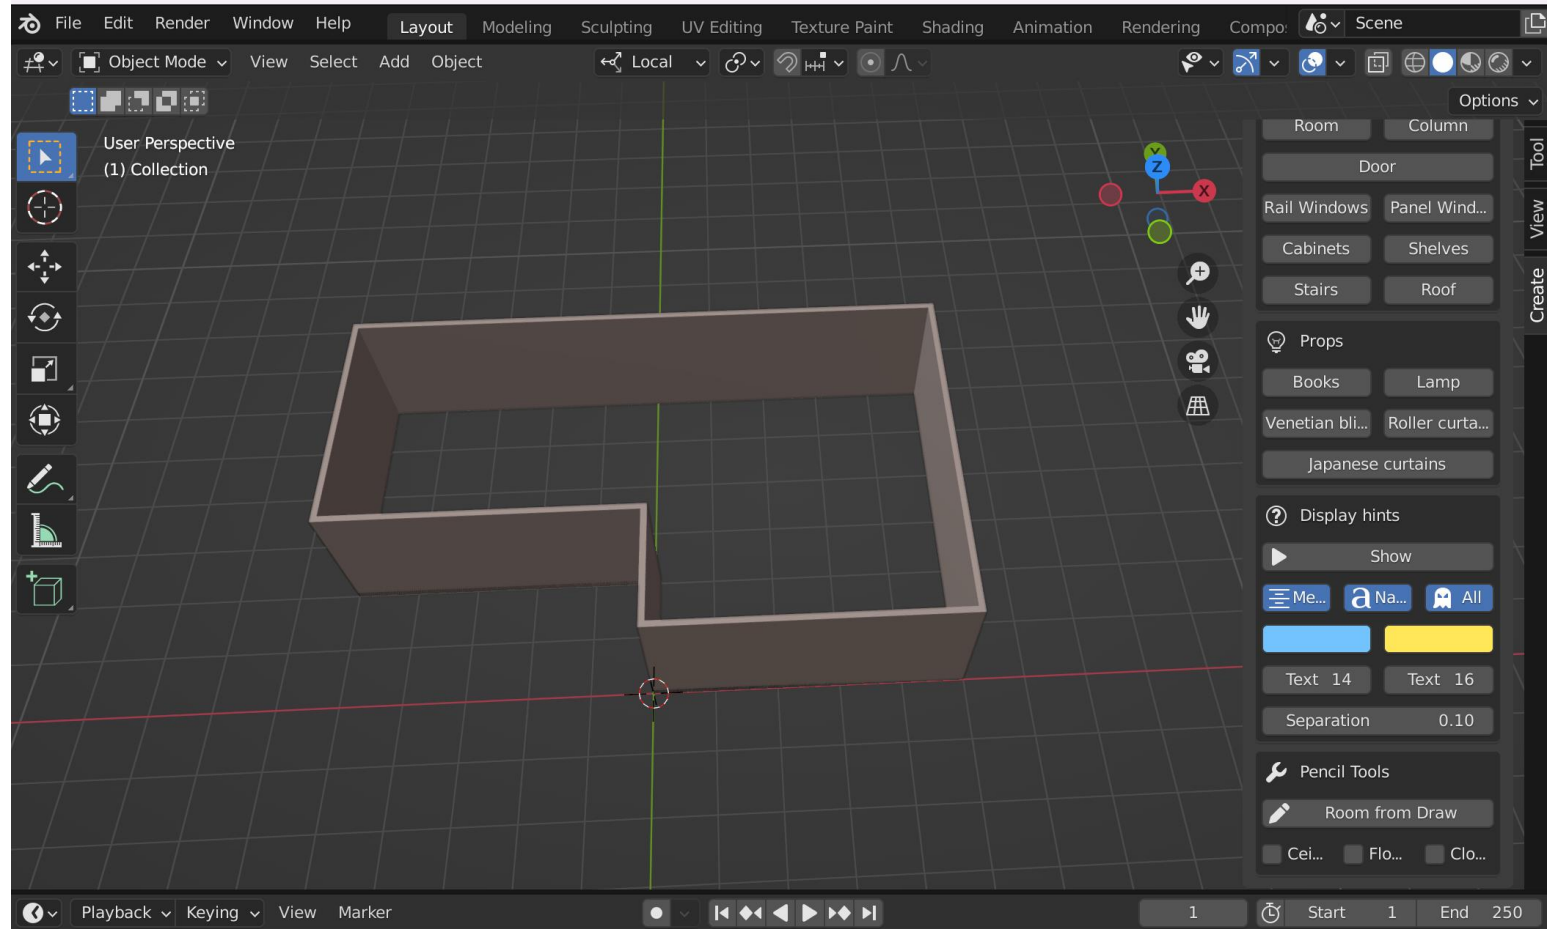

# Enable Archimesh in Blender

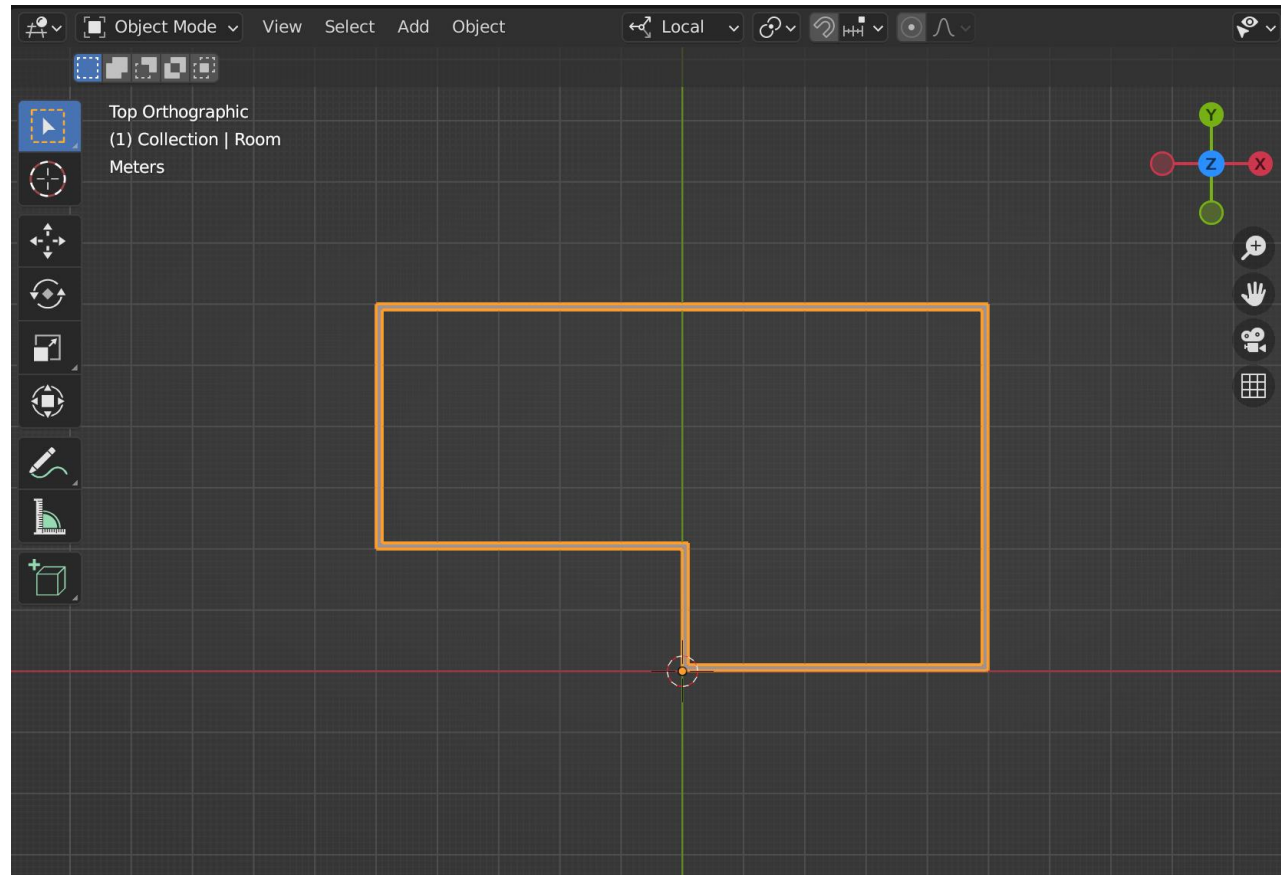

## 2.3

# Create the walls

## 2.3

# Basics - Move a 3D object in 3D space

1> X / Y / Z 3 Axis

2> Top / Left / Front View

3> Shortcut 'G' + x / y / z key

## Project - Step 3.1

### Add a Door

Move the door along an axis (X in this case)

## 3.2

### Basics - Rotate an object & Use 3D Cursor

1> X / Y / Z 3 Axis

4> 3D Cursor

2> Top / Left / Front View

3> Shortcut 'R' + x / y / z key

## 3-3

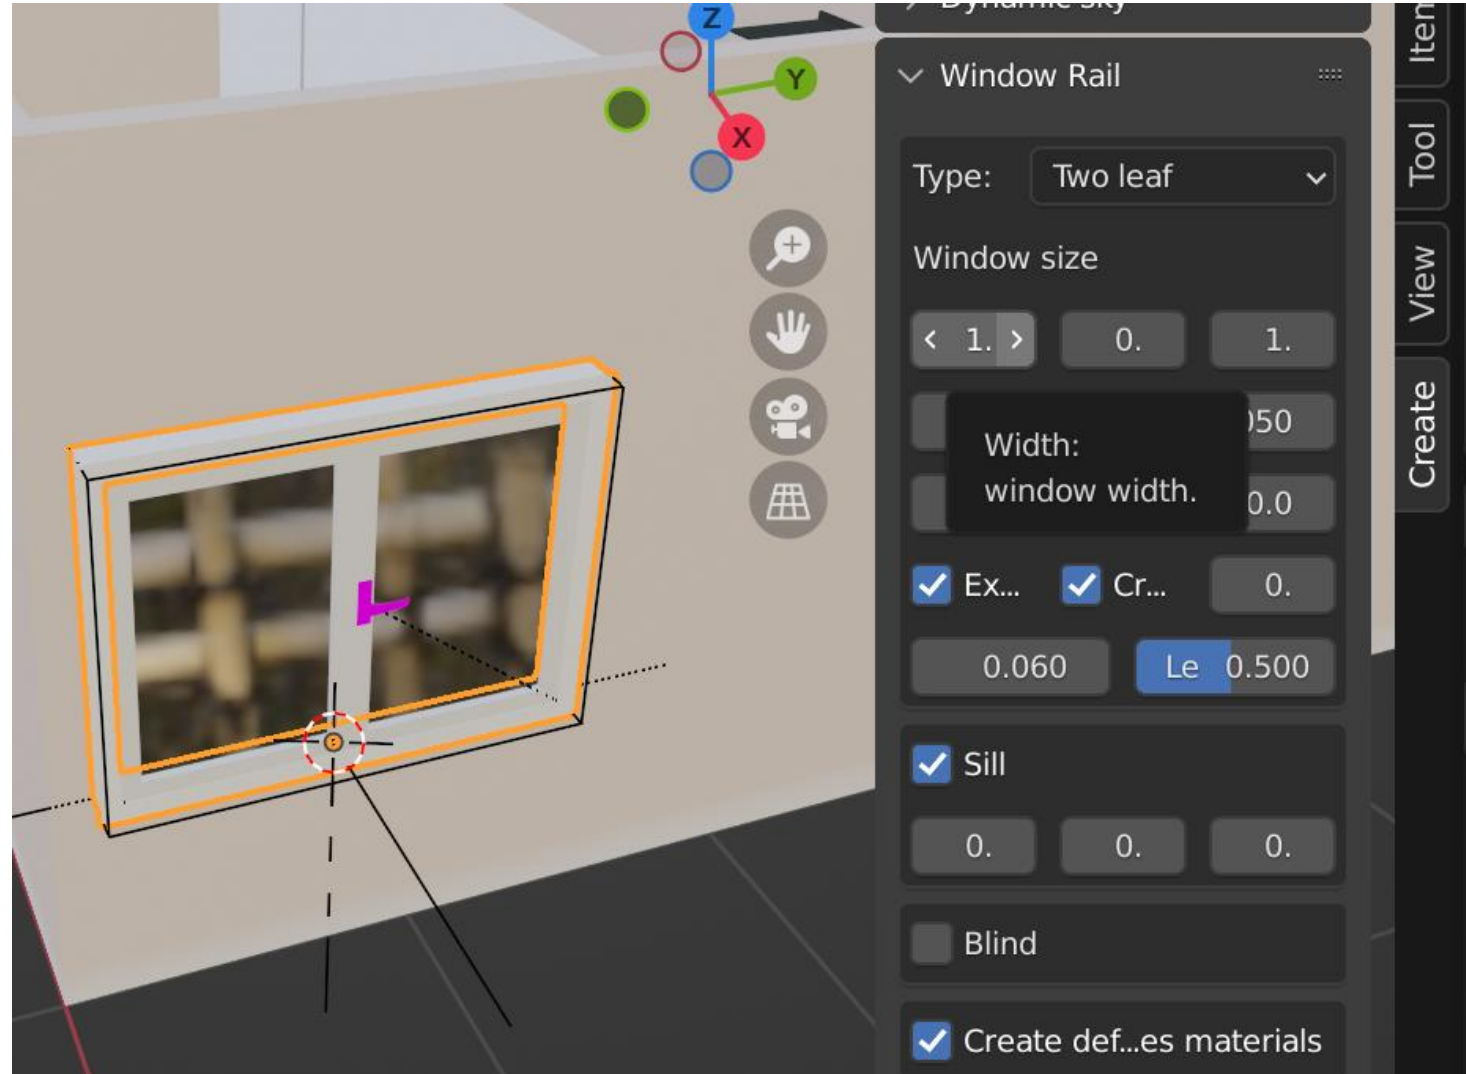

(d) Add  
Windows

Use 3D cursor, Rotate along Z axis

## 3.3

Adjust  
Rotation, Size  
and other  
parameters

Play time e.g.,

- Try different window styles
- Add other Props
- Try another house layout design

It's not that different from Lego 😊
